

# St. Stephen's School and Children's Centre

*Learning for life*

## **School Information**

At St Stephen's we strive to create an environment which is accepting, safe, secure, welcoming and supports the learning and development of all children.

We aim to ensure that all children are able to access the curriculum through a wide range of learning opportunities that meet the individual needs of each child.

All children are encouraged, challenged and supported in order that they can meet their individual full potential and therefore become successful members of the community in which they live.
